General Configuration

WHITE LABEL APP BASED ON BUSINESS UNIT.

We are excited to introduce a new enhancement to our multi-tenancy capabilities. This feature allows each business unit to configure the branding on their login page according to their unique branding guidelines. This means that each business unit can now have a personalized login experience that reflects their brand identity.**Key Benefits:**

- **Customizable Branding:** Business units can now set their own logos, colors, and other branding elements on the login page.
- **Improved User Experience:** Users will see a login page that is consistent with the business unit's brand, enhancing familiarity and trust.
